## Introduction

With a high quality TPC product line, TPC extends its Touch Panel Computer family with Intel® Atom™ platform for 5.7", 12.1" & 15". TPC-1251H is designed with Intel® Atom™ eMenlow XL processor as its core. The Intel Atom has low power consumption and wide operating temperature. This system is fanless, slim design and the front bezel is die-cast Al alloy material. This product also provides a -20~60° C wide operating temperature solution and complete isolation protection for its serial ports. TPC-1251H series are designed for use in the most demanding indoor or outdoor applications.
