This startup manual is for UNO-FPM11

Part No. 2003117020

1st Edition

July 2009

Installation

1. Make sure both the FPM and UNO system are powered off and all power cables are removed.
2. Put the integration kit on the back of the FPM, then make sure the arrow sign on the integration kit is pointed to the top of FPM.

Model Supported	Screw spec	Advantech Screw P/N	Qty
FPM-2150G, FPM-3120G, FPM-3121G, FPM-3171G	M5X10	1930000502	8
FPM-3150G, FPM-3191G FPM-5151G, FPM-5171G	M4X10	1930000501	8

3. Loosen four screws on UNO but do not remove the aluminium bracket.

4. Combine the UNO with the VESA mount convert bracket and attach with screws (p/n: 1930001643)

5. Attach the integration kit on FPM using screws according to the table below (p/n: 19330306A0)
